SEGWAY OBSTACLE COURSE

Skill, balance, strategy and memory are all challenged simultaneously in this exciting quest. After a brief safety lesson on the Segway, each participant will navigate through an obstacle course on a Segway Personal Transporter (PT) testing their skills, balance, strategy and memory. The course will focus more on agility and the ability to remember the correct path rather than actual speed. The Segway PT is self balancing and fun to ride. The event can be tailored to fit your specific needs and can be set up either

indoors or outdoors. This activity includes Segways, a course, safety helmets, and an expert factory certified trainer. An outdoor event can also be set up as a guided tour-ride. We can cycle multiple guests through at a rate of 12 people per tour.

NOTE: It is not possible to operate a Segway wearing high heel shoes. Operators must be 14 years of age or older. A safety helmet is required and will be provided.
