

Turn key solution includes a professional photographer and photographic equipment including lighting. We use the highest quality equipment yielding glossy prints.

Santa photos just got better with the option of an actual set or a digital magic set as the background behind Santa and your child. Beautiful, digital borders can highlight the year, location, and even a sponsor.

Did we mention we are personal friends with Santa? We can arrange his transportation from the North Pole to your event. Santa's workshop craft frames available.
